ಶ್ರೀ ಗೋವಾಲರಾವ್ ಮುಡಬ.—ಈ ಬೆಣತ್ತೂರು ಪ್ರಾಜೆಕ್ಟ್ ಏನಿದೆ ಇದು ಗುಲ್ಬರ್ಗ ಸಿಟಿಗೆ 4 ಮೈಲಿ ದೂರದಲ್ಲಿದೆ. ಈ ಪ್ರಾಜೆಕ್ಟ್‌ನ್ನು ಕಟ್ಟುವುದರಿಂದ ಗುಲ್ಬರ್ಗ ಸಿಟಿಗೆ ವಾಟರ್ ಸಪ್ಲೈ ಮಾಡುವುದಕ್ಕೆ ಅನುಕೂಲವಾಗುತ್ತದೆ. ಈ ದೃಷ್ಟಿಯಿಂದ ಇದು ಬಹಳ ಮಹತ್ವವಾದ್ದಾಗಿದೆ. ಆದ್ದರಿಂದ ಈ ಕೆಲಸವನ್ನು ಅದಷ್ಟು ತೀವ್ರವಾಗಿ ತೆಗೆದುಕೊಳ್ಳುತ್ತೀರಾ ?

ಶ್ರೀ ಎಸ್. ನಿಜಲಿಂಗಪ್ಪ.—ಅದನ್ನು ವಿಚಾರ ಮಾಡಬೇಕು.

Minor Irrigation and Lift Irrigation Schemes sanctioned in Mangalore Taluk.

*Q.—600. Sri SANJEEVANATH AIKALA (Suratkal).—

Will the Government be pleased to state :—

(*a*) which are the Minor Irrigation and Lift Irrigation Schemes sanctioned to be executed during the years 1964-65 and 1965-66 in Mangalore Taluk, South Kanara District ;

(*b*) what is the total estimated cost of these schemes executed in the year 1964-65 and to be executed in the year 1965-66 ;

(*c*) what is the total amount spent on the schemes executed in the year 1964-65 ;

(*d*) which are the Minor Irrigation and Lift Irrigation schemes surveyed but remain pending execution for want of (i) Estimation, (ii) Technical approval, (iii) Administrative approval, (iv) financial sanction and (v) agency to take up the work in the above Taluk ?

A.—Sri ALUR HANUMANTHAPPA (Deputy Minister for Minor Irrigation). —

(*a*) For 1964-65—*Vide* Statement I appended.

For 1965-66—*Vide* Statement II appended.

These works will be considered for sanction subject to availability of funds.

(*b*) The total estimated cost of the works executed in the year 1964-65 is Rs. 22,30,000 and the total cost proposed to be executed during 1965-66 is Rs. 13,37,000 if grants are available.

(*c*) Rs. 2,76,506 upto end of January, 1965.

(*d*) *Vide* Statement II appended.

STATEMENT I.

Statement showing the Minor Irrigation Works and Lift Irrigation Schemes executed during 1964-65.

Name of Work

1. Constructing a vented dam across Pade ferry.
2. Do — Hosakatta in Shimanthoor village.
3. Do — Tavadekatta in Yolinje village.
4. Do — Padumanakatta in Yolathoor village.
5. Do — Mugalikatta in Aikala village.
6. Do — Balakatta in Yolinje village.
7. Do — Talapady river.
8. Salt water exclusion dam across Pavanje river in Cheliyar.
9. Providing Protective Works to Hosakatta vented dam at Shimanthoor.
10. Gurupur Anicut Scheme.
11. Vented dam at Novikatta in Kuthethoor village.
12. Vented dam at Ajamarkatta in Kuthethoor village.

STATEMENT II.

1. Construction of Anecut at Puchadikatta ;
2. Salt water exclusion dam at Manampady ;
3. Salt water exclusion dam at Konkanthodu ;
4. Lift Irrigation Scheme at Sankalkariya in Yolinje village ;
5. Lift Irrigation Scheme at Kariyathalgundi, Ulepadi village ;
6. Vented dam across Gundimarakatte hole in Idya village ;
7. Vented dam across Kateel river in Dalantabottu village ;
8. Vented dam across Seetharamakatta in Badagayedapadvu village ;
9. Vented dam across Coosandikatta, Aikala village ;
10. Salt water exclusion dam and desilling of Ullal bailu thodu in Ullal village.
11. Vented dam across Gundimarkatta in Idya village ;
12. Vented dam across Keshavarakatta in Idya village ;
13. Vented dam across Karmankatta in Tonkeyedapadavu village ;
14. Vented dam across Kurmadakatta in Paduporar village ;
15. Vented dam across Handakatta in Paduporar village ;
16. Vented dam across Kanikatta in Paduporar village ;
17. Vented dam across Kadalthyakatta in Paduporar village ;
18. Vented dam across Manjanadi in Kattomar village ;
19. Vented dam across Irakatta in Tevanadu village ;
20. Vented dam across Aramanekatta in Talapady village ;
21. Vented dam across Iyyargundy in Kolambo village ;

(SRI ALUR HANUMANTHAPPA)

22. Anecut at Manjolpade river in Moodushodde village;
23. Restoration of Kavoor tank in Kavoor village;
24. Flood control work in Thirivaral village;
25. Vented dam at Mudanakatta in Paduporar village.

†Sri ALUR HANUMANTHAPPA.—Answers are as printed with a slight modification that in Statement I showing the list of works executed during 1964-65, 3 works are still under execution in Mangalore Taluka.

Sri SANJEEVANATH AIKALA.—Which are those 3 works?

Sri ALUR HANUMANTHAPPA.—They are:

(1) Vented dam at Novikatta in Kuthethoor village.
(2) Vented dam at Ajamarkatta in Kuthethoor village.
(3) Providing protective works to Kosakatta vented dam at Shimanthoor.

Sri SANJEEVANATH AIKALA.—May I know when these 25 works were surveyed and their estimated cost?

Sri ALUR HANUMANTHAPPA.—The estimated cost of these 25 works is Rs. 13,37,000. When these works will be taken up will depend upon the financial assistance that we will get from the Government of India.

Sri SANJEEVANATHA IKALA.—In which year were they surveyed and what is the estimated cost of each work separately?

Sri ALUR HANUMANTHAPPA.—It is a big list.

Mr. SPEAKER.—Then the Hon'ble Deputy Minister may kindly place it on the Table.

ಶ್ರೀ ಸಿದ್ದಯ್ಯ ಕಾಶೀಮಠ್.—1964-65ನೇ ಸಾಲಿನಲ್ಲಿ ಈ ಯೋಜನೆಗೆ ಮಾಡಿದಂತಹ ಅಂದಾಜು ಪೆಚ್ಚು 22,30,000 ರೂಪಾಯಿಗಳು. ಅದರಲ್ಲಿ ಖರ್ಚು ಮಾಡಿರತಕ್ಕದ್ದು 2,76,506 ರೂಪಾಯಿಗಳು. ಈ ರೀತಿ ಮಾಡುವುದರಿಂದ ಈ ಕೆಲಸ ಬಹಳ ನಿಧಾನವಾಗುತ್ತದೆ. ಆದ್ದರಿಂದ ಈ ಕೆಲಸವನ್ನು ತೀವ್ರಗತಿಯಿಂದ ಮಾಡುವುದಕ್ಕೆ ಸರ್ಕಾರದವರು ಏನು ಕ್ರಮ ಕೈಗೊಳ್ಳುತ್ತೀರಿ?

ಶ್ರೀ ಆಲೂರು ಹನುಮಂತಪ್ಪ.—ಅದಕ್ಕೆ ಪೆಚ್ಚಿಗೆ ಹಣವನ್ನು ಒದಗಿಸಿ ಬೇಗ ಆ ಕೆಲಸವನ್ನು ಮುಗಿಸಬೇಕಾಗುತ್ತದೆ.

Sri SANJEEVANATH AIKALA.—Is it not a fact that politics is associated to a very large extent in the execution of the minor irrigation works in constituencies where Congressmen were not elected?

Sri ALUR HANUMANTHAPPA.—I cannot understand how politics can enter into the stones and rivetments of the works.

Mr. SPEAKER.—Item 9 of Statement II is an eloquent answer to the Hon'ble Member.

Sri SANJEEVANATH AIKALA.—It is only surveyed and not yet sanctioned.

Mr. SPEAKER.—Then it deserves to be sanctioned.

Sri SANJEEVANATH AIKALA.—Is it a fact that the first 12 works are executed?

Sri ALUR HANUMANTHAPPA.—They are under various stages of execution. Most of them are nearing completion.

Sri SANJEEVANATH AIKALA.—Is it not a fact even though some some of these works are finished for want of water channels the water could not be used ?

Sri ALUR HANUMANTHAPPA.—I have told the House on more than one occasion due to some legal complications this could not be completed. Under section 82 of the previous Act there was no provision for us to take up this work, but now according to the present Act, if the ryot fails to construct the field channel, the Government can take up the work and construct it and recover the cost from him.

Mr. SPEAKER.—The other day an eminent American Professor came and told me ; " I am unable to understand this. If the ryots are to rely on Government and if they would not even put up the field channels in their own lands, they are not good ryots."

Sri SANJEEVANATH AIKALA.—Unfortunately the water channels are to pass through the fields for which water is not required, but the the fields down below require the water and for that the channels are to pass through these fields and so the owners of those fields are not interested in putting up these channels in their lands.

May I know what is the progress of the co-operative lift irrigation society in Sankalkariya in Yelinje village, which, is first of its kind in the State ?

Sri ALUR HANUMANTHAPPA.—With regard to lift irrigation the Cabinet Sub-Committee on Agricultural Production programme has discussed this problem. The Government may very shortly issue necessary instructions to the officers to see how best co-operative societies can come up to take up lift irrigation schemes. As regards this particular case, I have not got detailed information with me.

Sri SANJEEVANATH AIKALA.—Is it not a fact that this society has applied for Government contribution towards share capital after paying its share of the share capital amount ?

Sri ALUR HANUMANTHAPPA.—It is the intention of Government to see that financial assistance should be given for lift irrigation schemes. We have prepared schemes and sent to the Government of India. The estimated cost of the schemes is Rs. 1,67,000. For Mangalore there are 34 schemes costing Rs. 42 lakhs to irrigate 8,400 acres. We have sent the schemes to the Government of India and we are expecting grant from the Government of India.

Sri SANJEEVANATH AIKALA.—My question is that the ryots have come forward to take up on co-operative basis lifts irrigation schemes. What do the Government propose to do. Will they give all assistance immediately so that the ryots can undertake the work ?

Sri ALUR HANUMANTHAPPA.—The entire thing is under the serious consideration of the Government. The Government do give necessary financial and technical assistance. We have not yet finalised the scheme. We are going to finalise the scheme shortly.

ಶ್ರೀ ಗೋಪಾಲ ಸಾರೆನ್ನ.—ಮಂಗಳೂರು ತಾಲ್ಲೂಕಿನಲ್ಲಿ ಪೂರ್ತಿಯಾಗಿ ಮೈನರ್ ಇರಿಗೇಶನ್ ಯೋಜನೆಗಳಿಗಾಗಿ ಎಷ್ಟು ಹಣ ಕೊಟ್ಟು ಖರ್ಚಾಗಿದೆ ಮತ್ತು ಎಷ್ಟು ಹೆಚ್ಚು ಎಕರೆಗೆ ಕೃಷಿ ಅನುಕೂಲ ಮಾಡಿದ್ದೀರಿ ? ಎಷ್ಟು ಜನ ಅಕ್ಕಿ ಮತ್ತು ಆಹಾರ ಸಾಮಗ್ರಿ ಉತ್ಪತ್ತಿಯಾಗಿದೆ ?

ಶ್ರೀ ಆಲೂರು ಹನುಮಂತಪ್ಪ.—ಈಗ ತಾನೆ ನಾನು ಮಾನ್ಯ ಸಭೆಗೆ ಹೇಳಿದೆ : 22,30,000 ರೂಪಾಯಿ ಕೆಲಸ ನಡೆಯುತ್ತಾ ಇದೆ. ಮಂಗಳೂರು ತಾಲ್ಲೂಕಿಗೆ 13,37,000 ರೂಪಾಯಿನ ಎಸ್ಟಿಮೇಟನ್ನು ಸಿದ್ಧಪಡಿಸಿಕೊಂಡಿದ್ದೇವೆ. 146 ವೆಂಟಡ್ ಡ್ಯಾಮುಗಳಿಗೆ ಎಸ್ಟಿಮೇಟುಗಳು ತಯಾರಾಗಿವೆ. ಲಫ್ಟ್ ಇರಿಗೇಶನ್, ಫ್ಲಡ್ ಕಂಟ್ರೋಲ್ ವರ್ಕ್ಸ್, 217 ವರ್ಕ್ಸ್‌ಗೆ ಎಸ್ಟಿಮೇಟು ತಯಾರಾಗಿದೆ.

Sri SANJEEVANATH AIKALA.—Will my apprehension be removed that just because the proposal has come from me the scheme will not be taken up ?

Mr. SPEAKER.—The responsible member has no right to entertain such apprehensions.

Sri SANJEEVANATH AIKALA.—Will the Minister assure that thit lift irrigation scheme under co-operative basis will be taken up immediately ?

Sri ALUR HANUMANTHAPPA.—The member has just now revealed and we will thoroughly examine and we will certainly take such lift irrigation sehemes.

ಶ್ರೀ ಗೋಪಾಲ ಸಾರೆನ್ನ.—ನಾನು ಕೇಳಿದ್ದು ಪೂರ್ತಿಯಾಗಿ ಈ ಕೆಲಸದಿಂದ ಎಷ್ಟು ಉತ್ಪತ್ತಿಯಾಗಿದೆ, ಉತ್ಪತ್ತಿಯಾಗುತ್ತದೆ ಎಂಬುದರ ಬಗ್ಗೆ ಅಂಕಿ ಅಂಶಗಳನ್ನು ಹೇಳುತ್ತೀರಾ ಎಂದು. ಈ ಕೆಲಸ ಪೂರ್ತಿಯಾಗಬೇಕಾದರೆ ಎಷ್ಟು ಸಮಯ ಬೇಕು ? ನೀವು ಅಂದಾಜು ಮಾಡಿರುವಂತೆ ಕೃಷಿಗೆ ಅನುಕೂಲವಾಗಿ, ಆಹಾರವನ್ನು ಹೆಚ್ಚಿಸುವಸಲುವಾಗಿ, ಎಷ್ಟು ಎಕರೇಜ್ ಹೆಚ್ಚಿಸಬೇಕೆಂದಿದ್ದೀರಿ, ಅದರಿಂದ ಎಷ್ಟು ಹೆಚ್ಚಿಗೆ ಉತ್ಪನ್ನವಾಗುತ್ತದೆ ?

Sri ALUR HANUMANTHAPPA.—It is a question of more details we can calculate according to area that is going to be benefited by taking up the works enumerated.

Sri SANJEEVANATH AIKALA.—What is the exact achkat surveyed under item 1—construction of anecut at Puchadikatta what is the cost of the estimate ?

Sri ALUR HANUMANTHAPPA.—Constructing one at Puchadikatta Rs. 1,66,000 and the ayacut proposed to be benefited is 366 acres.

Sri SANJEEVANATH AIKALA.—In which year it was surveyed and estimated ?

Sri ALUR HANUMANTHAPPA.—I have not got details.

Sri SANJEEVANATH AIKALA.—It was surveyed in 1952 when it was part of Madras and it was proposed to be taken up in 1956 and immediately after joining Mysore we lost this.

Mr. SPEAKER.—Next question. The hon'ble member is not at present.

Sri H. R. KESHAVAMURTHY.—Sir, as this is an important question we request you to kindly put it.

Mr. SPEAKER.—All right, I will put Question No. 662.
